22 Sawmill Road, Upper Level

Weeks Commercial is pleased to present this ideally located commercial development.

Gilford Common is a well-planned, completed subdivision located at a fast growing exchange at the junction of the Rtes. 3 and 11 By-pass and Route 11A/Gilford Ave. The Laconia By-pass is a popular thoroughfare which diverts traffic around the downtown area. The By-pass is the main access to Gunstock Recreation Area, shopping, restaurants, marinas, Lake Winnepesaukee access points, and all the well-known local amenities.

This busy intersection presently hosts a large office complex, gas station/convenience store, two lending institutions, and several other retail establishments. A 79 room Marriott Hotel is right next door to this building, Body Design, Franklin Savings Bank, and Oral Surgery Center. An 18-hole golf course is minutes away.

This 1,952 square foot, second floor commercial condominium was newly constructed in 2008. It was occupied for the first time in 2012, and completely renovated using first class flooring and fixtures. The color scheme is soft and contemporary, and features private offices, conference room and open work space. A kitchen and employee break room is also part of the floor plan. It is quality construction featuring a quaint New England design with a green area, ample parking, granite curbing, and lot lighting. The structure is a turnkey property for immediate occupancy. The property is equipped with separately metered electric hot water and heating systems, and an underground irrigation system.

The subdivision has excellent visibility from the By-pass and from Route 11A. Gilford Common is located at a 4-way signalized intersection.
