Gilford Common

Gilford Common is a well planned, completed subdivision located at a rapidly growing exchange at the junction of the Rtes. 3 and 11 By-pass and Route 11A/Gilford Ave. The Laconia By-pass is a popular thoroughfare which diverts traffic around the downtown area. The By-pass is the main access to Gunstock Recreation Area, shopping, restaurants, marinas, Lake Winnepesaukee access points, and all the well known local amenities.

This busy intersection presently hosts a large office complex, gas station/convenience store, two lending institutions, several other retail establishments, a 75 room Marriott Hotel, and an 18-hole golf course is just minutes away.

This development has excellent visibility from the By-pass and from Route 11A. Gilford Common is located at a 4-way signalized intersection.

Each lot is accessed from a paved Town maintained cul-de-sac. Utilities are in place and include high pressure municipal water, public sewer, cable, and electric. The Professional - Commercial zoning will allow for a variety of uses such as business, medical/hospital, and institutional use.

Minimal site work on this level parcel makes for a most cost effective build. Owner will sell or ground lease the entire 6+ acre lot or any past or future PAD site of your choosing. Potential PAD prices start at \$49,900 with possible owner financing or build to suite with lease back. Property is zoned Professional/Commercial but senior housing has also been approved.
