Gilford Common

Gilford Common is a well planned, completed subdivision located at a rapidly growing exchange at the junction of the Rtes. 3 and 11 By-pass and Route 11A/Gilford Ave. The Laconia By-pass is a popular thoroughfare which diverts traffic around the downtown area. The By-pass is the main access to Gunstock Recreation Area, shopping, restaurants, marinas, Lake Winnepesaukee access points, and all the well known local amenities.

These listed parcels are virtually shovel ready, flat with minimal site work. Public water, sewer, utilities plus 3 Phase power stubbed to site. Over 25,000 square feet of new construction has been previously approved. Sub-division or PADs for smaller users would be considered.

This busy intersection presently hosts a large office complex, gas station/ convenience store, two lending institutions, several other retail establishments, a 75 room Marriott Hotel, and an 18-hole golf course is just minutes away.

This development has excellent visibility from the By-pass and from Route 11A. Gilford Common is located at a 4-way signalized intersection.

Each lot is accessed from a paved Town maintained cul-de-sac. Utilities are in place and include high pressure municipal water, public sewer, cable, and electric. The Professional - Commercial zoning will allow for a variety of uses such as business, medical/ hospital, and institutional use.

Potential PAD Site Layout for Future Owner

Future Owners – Only need a portion for your business? Why not create PAD sites like the past concept plan shown above. You can design and permit your own PAD or individual lot at a size and location you choose. High pressure municipal water and sewer, along with 3 Phase power and utilities, are stubbed to this six acre lot. Minimal site work on this level parcel makes for a most cost effective build. Property is zoned Professional/Commercial but senior housing has also been approved. Previously approved site plan by Town of Gilford.

Permitted Uses

ARTICLE 4. PERMITTED USES AND REGULATIONS

- §4.1 Open Space Uses
- §4.2 Residential Uses
- §4.3 Commercial Uses
- §4.4 Industrial Uses
- §4.5 Institutional Uses
- §4.6 Accessory Uses
- §4.7 Description of Permitted Uses

Land, buildings and other structures may be used as set forth in this Article. Only the uses listed below are intended to be allowed in the Town.

More than one (1) use shall be permitted on a single lot if:

- (1) Each use individually is permitted in the zone (special exceptions must be obtained where required);
- (2) The required parking for each use is provided;
- (3) All other requirements for each use are met. In the event that such requirements differ for different uses, the more restrictive requirements shall apply; and
- (4) In the RC zone, combining a two-family residence or multi-family development with any other use on one (1) lot shall require a special exception.

A “Y” indicates the use is a permitted use. An “E” indicates the use is permitted upon approval of a special exception granted by the Board of Adjustment in accordance with the provisions of Article 11, “Special Exceptions”. An “N” indicates the use is not permitted; however, a non-permitted use may be permitted by variance (see Article 12, “Variances”). A “C” indicates that the use is permitted with the issuance of a conditional use permit granted by the Planning Board in accordance with the provisions of Article 21, “Conditional Use Permits”.
